

Aldridge Foundation - How to Donate

About the Aldridge Foundation

The Aldridge Foundation was founded by Sir Rodney Aldridge in 2006 to create better opportunities and inspiring experiences for young people, enabling their communities to benefit from increased life chances and greater economic growth.

We work closely alongside Aldridge Education (the Trust we established in 2016, which is responsible for the performance of Aldridge schools) and focus on creating social change and community regeneration opportunities through enterprise and entrepreneurship to help young people to reach their potential and improve their communities.

Through our work, it is our objective to not only improve academic outcomes, but to achieve the following aims:

Raising Achievement - Preparing young people for a successful future by equipping them with the attributes associated with an enterprising mindset

Creating Aspiration - Nurturing emerging entrepreneurs and supporting those who have the passion to set up and run their own social or commercial ventures

Unlocking Ambition - Developing entrepreneurial solutions to tackle barriers to social mobility.
